

POLPRED / Polpred Offshore QUOTE REQUEST

National
Oceanography
Centre

Name

e-mail

Organisation

We will advise on the models available for your area of interest, please provide as much information as possible.

Are you or your organisation an existing POLPRED for Windows user?

Yes

No

Not sure - please advise

Area required (as latitude/longitude)

Time Period required - start and end dates (this is the period of data you want to compute)

Usage (understanding how our software is used will help guide future development)

Some models have multiple depth layers, usually we will quote for depth-averaged currents. If you require surface, bottom or currents at a different depth please specify here.

Please send all quote requests to products@noc-innovations.co.uk
